Subject: Oxford and Salisbury Lighting District inventory corrections

Dear Theresa,

This letter is to request that the attached list of street lights, most of which are listed in the Orange and Rockland Municipal portal application as belonging to either the Oxford or Salisbury Lighting District, be changed as identified below:

1. Those listed in the Oxford/Salisbury Lighting district table identified to be retained should be left in the district and be available on the portal. [See table 1.0 and 2.0]
 - o Those in the districts to be retained that need repair I am requesting a repair date.
2. Those lights listed as to be removed immediately should be removed by 12/31/2014 as they are not in the districts that are currently paying for them. (See table 1.1)
3. Those in the list of lights to be turned off should be turned off by 12/31/2014. We will wait to see if anyone calls to ask why they are turned off and see if they are willing to be in a lighting district to pay for them. (See table 1.2 and 2.1)
4. Those in the list of lights to be moved to the Mt. Lodge Lighting list as they are in discussion to create a lighting district and I have given them until March 2015 to complete this process or they will be turned off. (See table 2.2)

If you could provide me with the names and addresses of those people who requested the lights be put in I will contact them to discuss the creation of another lighting district.

Sincerely,

Robert A. Fromaget

Town of Blooming Grove Supervisor

CC: Michael Grant, Orange and Rockland

These lights need to be turned off because they are not in the Oxford Lighting District

Status	Grid X	Grid Y	Fixture Details	Street Address	Account	Comments	Estimated Delivery Charges
Turn off	52805	50495	4000 LUM 8Ft 111 M – 100W \$13.07	Located on Rt 94 to the left of Craigville rd Entrance off Rt 94	9781596002 Is on our list?	Not in Oxford Lighting District but we are not getting charged for it.	\$156.84

Table 2.1 – Lights that need to be turned off until we can determine if there are people willing to fund them or they are properly labeled.

I need the location for the two listed in Salisbury Mills district located at the end of Clove Rd Ext by Rt. 94. There are no numbers on the poles and these two appear to be in Cornwall.

I need the location of the poles located on Rt. 94 since most of them do not have pole numbers on them.
